

Traffic Guidelines

Elementary Parents:

Drop-off procedures in the circle drive will remain the same as past years. Please follow these guidelines to increase safety and efficiency during dismissal each day.

Circle Drive: Last names A-L

- Treat this as a one-way street with two traffic lanes. The right lane is the pick-up lane. Parents in this lane are to STAY IN VEHICLES. Do not park and leave your vehicle in the drop off lane. Doing so creates dangerous traffic congestion.
- The left lane is only for driving through. Do not pick up or drop off your child while in this lane.
- Parents who choose to walk their child to the school doors must park in a parking stall. There are 20+ stalls designated for this purpose in the circle.

North Lane: Last Names M-Z

- Treat this as a one-way street with two traffic lanes. The right lane is the pick-up lane. Parents in this lane are to STAY IN VEHICLES. Do not park and leave your vehicle in the drop off lane. Doing so creates dangerous traffic congestion.
- The left lane is only for driving through and accessing the parking lot. Do not pick up or drop off your child while in this lane.
- Parents who choose to walk their child to the school doors must park in a parking stall in the north lot.

Bus Loading Zone:

- This has been moved to the yellow lane indicated on your map. There is a crosswalk and walkway painted with diagonal hashed lines to indicate pedestrian walking area between the parked busses and curb.
- We will designate a staff person to monitor the crosswalk.
- Each bus will continue having a checker to be sure every child is accounted for.
- Busses are color coded and park in the same order with signage to help children get to the correct bus with ease.

Thank you for your patience and support!

Ben Kreifels, Elementary Principal
